Forecast For Wales
Issued by Met Office Exeter
at 1600 on Wednesday 24 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry this evening before rain overnight.

This Evening and Tonight:
Remaining largely dry this evening as cloud builds up from the west. Overnight will see some outbreaks of rain, turning heavy at times, but with winds easing too. Minimum temperature 2 deg C (36 deg F).

Thursday:
Largely dry and bright with some patchy cloud and the odd isolated shower. Showers will become widespread by evening, turning heavy at times. Light winds will become strong by evening. Maximum temperature 13 deg C (55 deg F).

Outlook for Friday to Sunday:
Feeling colder on Friday and Saturday with blustery showers, wintry over hills, and possible hail and thunder too. Cloud thickening Saturday afternoon. Cloudy on Sunday with persistent rain for most.
